I am passionate about service and being active in the community. My legal practice with Dykema Gossett PLLC is focused on corporate transactional work. I am dedicated to pro bono work, particularly in the areas of family and immigration law. I have experience working as a team member from playing collegiate rugby. I lived on the border of Mexico for two years and I am fluent in Spanish. I know how important it is to foster relationships outside of the networks we see every day and look forward to serving the young lawyers of San Antonio.
