I'm running for re-election to the SAYLA Board of Directors because I'm committed to continuing the work that makes this organization a cornerstone of our legal community. During my previous term, I helped organize impactful events, served on key committees—including the Social and Golf Scramble Committees—and consistently encouraged support for SAYLA within my firm and beyond. I'd be honored to keep contributing my time, energy, and ideas to strengthen SAYLA's outreach, professional development, and community presence.
